### What the customer had to say:

“We entered middle-4th Qtr of 2010 with some massive last-minute media buys; they were huge, complex, and the turnaround time was possibly record-breaking – my team at Circle Graphics came through for me in such a huge way – I could not have been more thrilled by their sense of urgency at every turn, the detailed follow up every day with shipping logs, proofs, updates; their ability to turn around additional orders as they came in sometimes daily – they took a significant piece of this huge pie almost completely off my plate and the work is gorgeous – my team at Circle delivered amazing turnaround timing, the highest quality work, extremely competitive pricing, and as friendly and helpful a team as you can ask for – I was thrilled and my client was also thrilled.”

Kelly Harden, Executive Print Producer,  
BBDO-Atlanta
