All over the state of Arizona to celebrate the centennial.

Campaign Run: 2011, On-going

What the customer has to say:

When charged with the task of securing production of 50 plus vinyl's for the year-long centennial celebration for the state of Arizona (AZ 100 Years), Circle Graphics was the first and only place we considered looking to for support. CG not only agreed to help but sprung into action producing each and every one of our printed pieces in a matter of days. Within weeks all of our materials were posted around the state and the press for the celebration officially began. We thank Circle for their support and efforts. This could not have been a reality without them.
