# Cable & Clip Installation

Clips are attached to a nylon (super-strong) cable that runs along cable guides around the perimeter of the poster

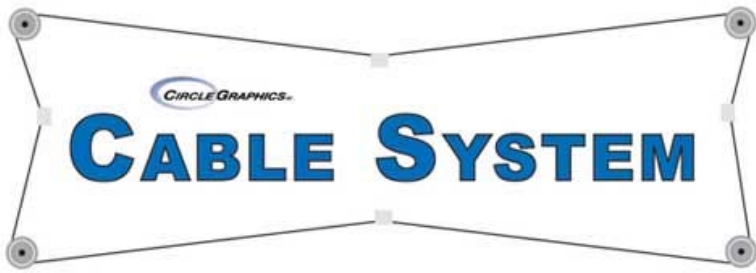

This picture shows the cable and clips installed as if behind an invisible poster

X-RAY OF A CABLE SYSTEM

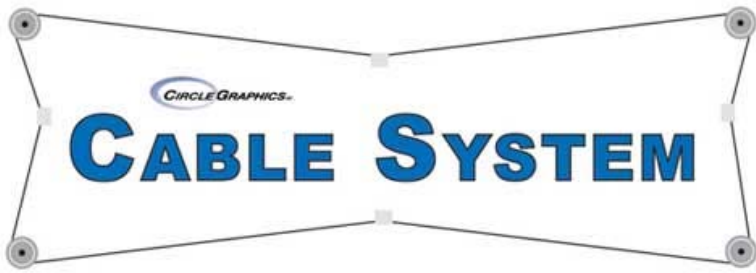

## Eco-Poster Installation

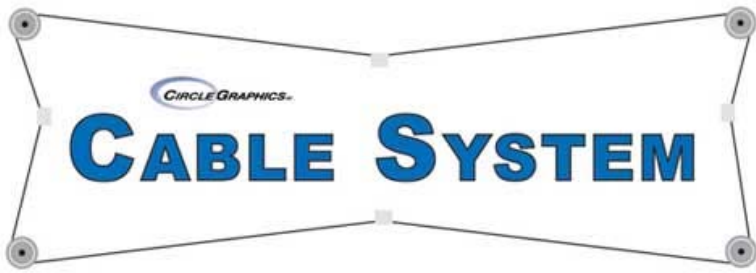

Clips are inserted into a pocket on the back of the Eco-poster as shown below.

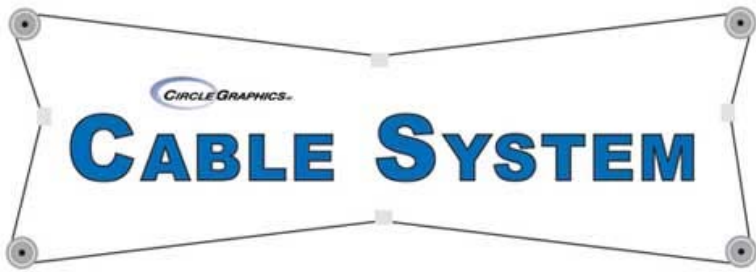

**Eco-Poster being  
“clipped” into place**

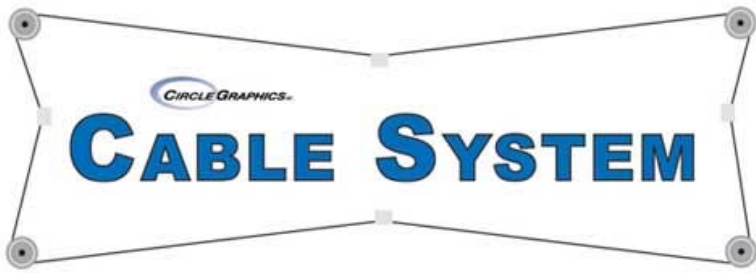

**Installer uses a simple tool to hang the cable on the 5 guides along the top**

**Installer uses a simple tool to hang the cable on the 5 guides along the top**

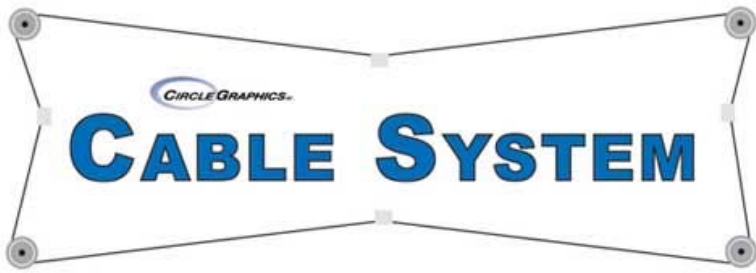

**Final steps include installing the bottom clips and pulling a cinch strap to tighten and secure the poster (all from the catwalk!)**

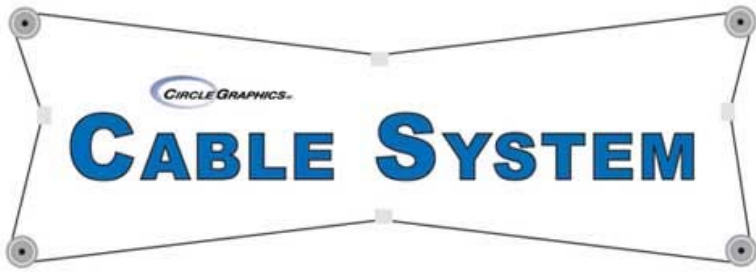

**Finished Installation!  
No ladder, No Visible Hardware.  
15 Minutes or Less.**

And Here's the Same Print  
Outside in the Sunlight!

**Thanks!**
