

PSV Removable and Permanent Standards (14' x 48' & 10'6" x 36')

- 1" overlapping image on the left hand side of all panels except the far left panel.
- 1" of bleed is added to the bottom on all panels. The bottom registration mark is placed at the top of the bleed area.
- There is no bleed on the top, left or right sides of the board.
- Order & Line item numbers are printed within 1" at the bottom.

* Note that for a full size TriVision of 14' x 48' there will be 10 total panels and for a 10'6" x 6' there will be 8 panels.
