

12 Panel, 30 Sheet Poster Installation Instructions

- The numbers above (i.e., "1", "2", "3", etc.) refer to the recommended posting order of the panels.
- Panel "1" is installed (in the lower left corner) followed by the next panel (i.e., Panel "2") with the panels on the right side overlapping the panels on the left by .75" as shown above.
- The top row is installed in the same manner and also overlaps the bottom row.

Folding Method:

The panels are folded in-half bottom to top and folded in-half again bottom to top (Figure 1.)

They are then collated into a 12-panel group (Figure 2) and the group is folded in-half to make a bundle. The outside panel of each folded bundle is the A2.

The order of the panels from outside to inside is: A2, B2, C2, D2, E2, F2, A1, B1, C1, D1, E1 and F1
